

Dining with Dignity

Dining with Dignity is an exciting new approach that is specifically tailored to enhance the nutritional health of our seniors with Dementia and Alzheimer's disease. We have advanced with the times and partnered with the SuzyQ cart system to introduce an all-new memory-care specific dining approach. The SuzyQ cart is a delivery system that encourages resident centered dining. The temperature controlled food cart keeps food hot, and allows safe and easy movement through and around the dining room.

Resident Benefits

- ❖ Residents are able to see and smell food before selecting.
- ❖ Residents choose what they would like to eat and the quantity.
- ❖ Residents eat better because they eat what they want, and can finish the food on their plate.
- ❖ Residents experience direct contact with the Staff, which allows for immediate feedback on the acceptance of the food.
- ❖ Residents appreciate one-on-one contact with our Team.
- ❖ The food and plates are hotter.
- ❖ The dining room is much quieter, inspiring a more social experience.
- ❖ Residents gain back some control over their lives.
- ❖ Choice, dignity, self-determination, relationships, respect: These values are key ingredients in the culture of our Dining with Dignity program.

Choice ❖ Dignity ❖ Self-determination

Relationships ❖ Respect

These values are key ingredients in the culture of our Dining with Dignity program.
